Database

MYSQL

Framework

Bootstrap, React, Spring-Boot (Basic), Hibernate

Projects

Online Job Portal [🔗](https://github.com/aayushsharma89/Online-Job-Portal), <https://github.com/aayushsharma89/Online-Job-Portal>

Online Job Portal is a web-based application designed to connect job seekers and recruiters on a single platform. The system allows candidates to search and apply for jobs, while recruiters can post job openings and manage applications efficiently.

Student Information System And Report Card [🔗](https://github.com/aayushsharma89/Student-Information-System-and-Report-Card),

<https://github.com/aayushsharma89/Student-Information-System-and-Report-Card>

Developed a console-based application to manage student records. Automated report card generation using Python. Used MySQL for structured data storage.
